

Annual Cat Statistics: IMPACT 2021

2021 YTD Live Release Rate 91.20%
Total Cats Saved YTD = 824

At Feral Affairs Network (FAN), we believe public access to key data that we are tracking is vital to the success of our organization.

Our numbers tell where we've been, where we are, and where we are going. Additionally, we believe in transparency. The best way to tell you, our community, what we are doing is to post our statistics and lifesaving percentage here on our website. If our community knows what we are doing, you will be better able to make the decision to support us in becoming volunteers, fosters, donors and/or adopters.

Each adoption, donation and other interaction with you brings us closer to fulfilling our mission to reduce overpopulation and provide relief to overcrowded shelters through trap-neuter-return (TNR). FAN is saving the lives of homeless, unwanted, sick, and injured cats by working with our community, i.e., networking (*it's in our name!*), to provide feline expertise and life-saving programs and services for people and cats.

Our goal is to have a positive impact on cat homelessness and overpopulation over time. Our lifesaving percentage represents the number of cats being saved by Feral Affairs Network.
